

National Conference on Communication Systems and Networking (CSN-2008)

About the National Conference on Communication Systems & Networking (CSN-2008)

The national conference CSN 2008 is dedicated for addressing emerging topics and challenges in the area of Communication Systems and Networking. The conference is to create gathering of eminent researchers from academia and industry, providing a launch pad for new innovative ideas and technology. The conference will include selective technical program consisting of oral and posters presentation along with demo of industrial products in the field of communication technology.

Scope and Topics but not limited to

- Ad-Hoc Wireless and Sensor Networks
- Wireless Multimedia Networks and Beyond 3G
- Power and Topology Management
- Digital Signal Processing
- Image Processing
- Antenna Theory and Applications
- Speech Processing
- Security in Communication Networks
- Multimedia Systems & Applications
- Circuits & System for Communication

Venue : Jaypee Institute of Engineering & Technology,
A-B Road, Raghogarh, Guna, (MP)-473 226

Date : 15th March 2008

Call for Paper

Authors are invited to send an electronic version of the full paper in MS WORD/PDF on topic related to the broad themes of the conference, via email reach us latest by 25th Dec 2007.
