

Teacher's Training Program

on "Python Projects - From Scratch" for School Teachers

May 26–30, 2020

Teachers Training Program on Python Projects - From Scratch in online mode was organized for school teachers during May 26-30, 2020. For this event online participation were invited from many schools of MP, and nearby locations of UP and Rajasthan. 252 participants from 132 schools/polytechnics filled the registration form for participation and 71 participants from 56 schools/polytechnics participated in this event.

The feedback of participants was excellent and most of them have requested to organize similar events frequently.
